

2017 IDAHO ASSOCIATION OF PLANT PROTECTION

College of Southern Idaho, room 277 Taylor Building, Twin Falls, ID

November 1-2, 2017

\$15 Attendance Fee

Wednesday afternoon, November 1

Time	Title	Speaker
12:00	Lunch will be served prior to Registration	
12:40	Resurgence of bacterial ring rot of potato	Jeff Miller
1:00	Effect of Pythium ultimum inoculum concentration in soil, harvesting and pre-storage temperature on disease incidence and severity in storage	Sandesh Dangi
1:20	2017 Invasive Insect Pest Surveys Conducted by Idaho State Department of Agriculture and an Update on Japanese Beetle Eradication in Boise	Paul Castrovillo
1:40	Characterization of Phytophthora infestans (late blight) isolates from Indonesia	Phill Wharton
2:00	Evaluating Spring Wheat Cultivars' Resistance to CCN in Wheat	Pooria Ensafi
2:20	Pathogenicity, Incidence, and Distribution of Fungi Causing Root Rot in Idaho Sugar Beet Storage Piles	Carl Strausbaugh
2:40	BREAK	
3:00	Dessication of Residues, a Cause for Concern	Don Huber
3:20	Investigation of the resistance to Bean common mosaic necrosis virus in common bean	Xue Feng and Alex Karasev
3:40	Seed piece treatments for Fusarium dry rot and Rhizoctonia diseases	Kasia Duellman
4:00	BREAK	
4:10	Business Meeting	
4:20	Zebra Chip research	Karin Cruzado Gutierrez
4:40	Comparison of Fumigation Methods in Potato	Shane Hansen
5:00	New findings from the Parma Diagnostic Lab	James Woodhall
5:20	Adjourn for the day	

Thursday morning, November 2

Time	Title	Speaker
8:00	Potato cyst nematode: finding resistance against multiple species	Jonathan Whitworth
8:20	Wireworm	Atoosa Nikoukar
8:40	Fungal Canker and Vascular Diseases: A Threat to Woody Plant Health?	Rich Guggenheim
9:00	A new qPCR assay for sugar beet powdery mildew and its use with plant and air samples	Alexandra Oropeza
9:20	Effect of pulp temperature on Leak disease of potato cultivars	Andrew Hollingshead
9:40	FHB: Uniform Regional Fungicide Trials	Suzette Arcibal
10:00	BREAK	
10:40	The potential role of benzoxalinones in suppressing DON accumulation: a new target for breeding?	Tom Baldwin
11:00	Defending potato against PCN	Rinu Kooliyottil
11:20	PCN distribution in Idaho	Jean Bertrand Contina
11:40	Screening for FHB Resistance in Wheat and Barley	Juliet Marshall
12:00	Adjourn
