Idaho Irrigation Equipment Show & Conference Class Schedule

Thursday, January 10 - 2013: Nampa Civic Center, 311 Third Street South, Nampa

Agricultural Irrigation Track

- 9:30 a.m. - 10:30 a.m.
  1. "Dry Wheel Track Solutions" - Howard Neblina, University of Idaho & Jon Johnston, Irrigation Accessory Company. Soil conditions and equipment factors that produce track-irrigation and solutions for reducing the problem will be discussed. South Home Federal Room (*1 SW)
  2. Preventative Maintenance for Sprinkler Systems - Jeff Forsberg, Agri-Line Irrigation, will discuss routine maintenance for pivots, wheel lines, and hand lines. North Home Federal Room (*1 SW)

- 11:30 a.m. - 12:30 p.m.
  1. Drip Irrigation - Corn, Onions & Other Crops - Jonathan Demick, Dropjet Irrigation & Jim Klauder, Clearwater Supply. This class will discuss drop system hydro design, tape placement and water management for several western Idaho crops. Different tape placement alternatives will be discussed. South Home Federal Room (*1 SW)
  2. New Innovations & Applications - Mike Jenzen, Magna-Tech Corp. and Fred Durler, Flex-Flo Irrigation. How and why the treatment works, impact on crop yield and water intake rate, and pipeline scale removal will be discussed. Remote valve control without electricity will be taught by Bill Biehl, Colt Irrigation. North Home Federal Room (*1 CM)

- 1:30 p.m. - 2:30 p.m.
  1. "Pesticide Hazards, Know Plan & Prepare" - Shain Takata, Idaho State Dept. of Agriculture will provide information to applicators and businesses on how to plan for incidents and what to do in case emergencies involving pesticides occur. North Home Federal Room (1 PM)
  2. "Show Me the Money" - Representatives from Idaho Soil & Water Conservation Commission, USDA-NRCS, USDA Farm Service Agency, USDA-Rural Development, and Idaho Power Company will discuss new cost-share and loan programs for the 2013 irrigation season. South Home Federal Room (1 PD)

Turf Irrigation Track

- 8:30 a.m. - 9:30 a.m.
  1. Two Wire Basics - Steve Eglington, Pipeco, Inc. will provide an overview of 2 wire (Decoder/Decorder) system. How to resolve failure, troubleshooting and advantages and disadvantages will be taught. North Castle Room
  2. Cross Connection and Irrigation Systems - Bill Thompson, United Water, Idaho will cover backflow prevention and different types of irrigation systems. South Castle Room

- 10:30 a.m. - 11:30 a.m.
  1. Proper Winterization - Guy Collins, Hunter Industries will teach proper blow-out methods and products to help prevent broken sprinklers. North Castle Room
  2. Sub-Surface Drip Irrigation in Turf - Can Shyder, Neblina, will discuss best practices for using drip irrigation in turf application, design and maintenance. South Castle Room

- 12:30 p.m. - 1:30 p.m.
  1. Water Design Efficiency - Guy Collins, Hunter Industries will teach water efficiency through design, materials and new products. North Castle Room
  2. Pump 101 - Basic Pump Sizing - Gail Mueller, Munro Pump Inc. will teach the components needed to size a pump: read the curves, and maximize pump performance. South Castle Room
