Pesticide Re-certification Webinar Series for Pesticide Applicators

2020 Pesticide Recertification Webinar Series for Pesticide Applicators

PLEASE NOTE: for 2020 this Webinar Series replaces the December in-person Pesticide Recertification Training traditionally held at the Caldwell Police Department.

The University of Idaho (UI) Extension Pesticide Safety Education Program (PSEP) is offering 12 one-hour webinars for pesticide recertification credit, via Zoom video conferencing. Attend one or all twelve!

Each one-hour webinar is \$10 per applicator and you will receive one-recertification credit (plus great knowledge!).

Note: All webinars begin at 12 noon (Mountain Time). The topic themes for the 2020 UI Extension PSEP Recertification Webinar Series are listed here:

- ◆ Safety First — October 20, October 27 & November 3
- ◆ Urban Pest Management — November 10, November 17 & December 1
- ◆ Weed Management — December 3, December 8 & December 10
- ◆ Environmental Impact — December 15, December 17 & December 22

How to enroll for the webinar(s):

1. Visit our website: uidaho.edu/extension/ipm or go straight to the payment site (UI Marketplace) by opening your smart phone camera on the QR code below.
2. Be prepared to provide your e-mail and applicator license number.
3. You will be sent an email, from cals-ipm@uidaho.edu with instructions on how to access Zoom.

For more details on the topic titles and speakers see reverse side of this flyer.

The University of Idaho has a policy of nondiscrimination on the basis of race, color, religion, national origin, sex, age, sexual orientation, gender identity/expression, disability, genetic information, or status as a veteran or military status.

Persons with disabilities who require alternative means for communication or program information or reasonable accommodations need to contact Ronda Hirnyck or Kimberly Tate at cals-ipm@uidaho.edu or call 208-364-4046

Pesticide Re-certification Webinar Series

Scheduled at noon (Mountain Time)

**University of Idaho
Extension**
Pesticide Safety Education

SAFETY FIRST

- October 20: Sherman Takatori, ISDA—How to Safely Control Gophers and Voles
- October 27: Carol Black, WSU—Risk Assessment and PPE Label Statements
- November 3: Dr. Morgan Willming, IDHW—Understanding Pesticide Toxicity and Health Risks

URBAN PEST MANAGEMENT

- November 10: Andy West, UI Extension—IPM Methods for Controlling Landscape Pests
- November 17: Brad Stokes, UI Extension—Toxicity and Non-Target Effects of Idaho Pollinators and Beneficial Insects
- December 1: Dr. Mary Ridout, UI Extension—How to Make Plants Sick: Plant Disease and Management Practices

WEED MANAGEMENT

- December 3: Steve Hines, UI Extension—Choosing Residential Herbicides to Prevent Increasing Resistance
- December 8: Doug Finkelnburg, UI Extension—Herbicide Resistance Management and Mitigation in Ag Weeds
- December 10, Danielle Gunn, UI Extension—Weed Management

ENVIRONMENTAL IMPACT

- December 15: Dr. Curtis Cooper, ISDA—Idaho Pesticide and Water Quality Program: Ground and Surface Water Quality
- December 17: Dr. Robert Mahler, UI Professor of Environmental Science—Pesticide Leaching and the PNW
- December 22: Kimberly Tate, UI Extension—Managing and Avoiding Pesticide Drift
