## Pre-License Training

### For Ornamental Pesticide Applicators

#### Ornamental Insecticide ■ General Pest ■ Ornamental Herbicide

The UI Extension Pesticide Safety Education Program will be offering pre-license training during the 2022 Idaho Horticulture Expo in Boise. This training will be **in-person** with a two-day agenda. Focus will be on the following categories: Ornamental Insecticide (OI), Ornamental Herbicide (OH), General Pest (GP), and Core (CO).

Registration includes access to eLearning modules and study materials housed on the National Extension Foundation website. These materials prepare students for the 2-day class and the statewide exams. ALL materials will be available to each registered student with continued access until three weeks after the training.

January 20 – 21, 2022, daily at 9am – 4pm MST (limit 45 students)

Boise Centre, 850 W Front St., Boise 83702

This educational training is funded through an ISDA grant. There will be **no cost** to the student. Registration will be open Jan. 1-14, 2022. COVID-19 restrictions will be determined by the instructors. Registered students will be notified of the current guidelines.

To register, visit our website <https://www.uidaho.edu/extension/ipm> OR simply use the provided QR code, with your smart tablet or phone camera, to go directly to the university website.
