# 2012 U-Idaho Fruit Conference Pest Management

**Bringing the University to you!**

**February 7-8, 2012**

**University of Idaho  
Extension**

# U-Idaho Fruit Conference

## What is the U-Idaho Fruit Conference?

*It is a series of intensive workshops involving research and Extension experts from the Northwest.*

## Who Should attend?

- \* Fruit Producers
- \* Orchard Managers
- \* Crop Consultants
- \* Field Staff

## What are my Goals for this Conference?

*This conference is designed to empower growers with the knowledge needed to move into the next generation of pest control and to encourage crop consultants to trust and use Extension-based information to make IPM decisions.*

## SESSIONS

### How to get the Information you Need

*The conference will commence with why is pest management changing and the fundamentals that will help you achieve a holistic pest management approach.*

#### Speakers:

- \* Rhonda Hirnyck, IPM coordinator UI Extension
- \* Jim Barbour, Entomologist UI Parma
- \* Tony McCammon, UI Extension

### Collective Marketing

*Helping growers find niche markets through creative marketing ideas.*

#### Speakers:

- \* Vim Braak, UI Extension

### Pollination and Beneficial Considerations

*This session is designed to provide growers with skills necessary for making pest management decisions.*

#### Speakers:

- \* Ariel Agenbroad, UI Extension
- \* Golden Millet, Golden Bee Owner
- \* Essie Fallahi, Pomologist UI Parma

Turning Point Technologies will be used to evaluate impact in each session.

### Pests of all Shapes and Sizes

*Proper monitoring leads to interesting discoveries that unchallenged can cause a lot of havoc on your pocket book. This session is designed to help you get a head start on IPM against some of your worst enemies.*

#### Speakers:

- \* Jeff Jenkins, Toxicologist OSU
- \* Marion Murray, IPM Program Coordinator USU Extension
- \* Jim Barbour, Entomologists UI Parma
- \* Sherm Takatori, ISDA

**8 - Idaho & 7 - Oregon, Pesticide Credits Available**
