University of Idaho
Department of Soil and Water Systems

2nd Annual Organic Agriculture Workshop and Tour: Soil Fauna

Thursday, March 2nd - 10:00 am to 1:30 pm MST - FREE
UI Caldwell Research & Extension Center - 1904 E Chicago St. in Caldwell
Zoom option for remote attendance also available

Workshop details:

- Hear important updates from ISDA and learn about the exciting new national Transition to Organics Partnership Program (TOPP)
- Learn more about the cryptic and amazing world of soil biology
- Learn more about how your management practices influence earthworms and nematodes
- Share experiences and knowledge to better understand challenges and opportunities with soil fauna assessments
- Tour of Peaceful Belly organic farm in Caldwell to follow workshop (in person only)

Who should attend:

- Current organic growers (certified or not; large or small acreage; fruit, vegetable, grain or livestock)
- Growers interested in organic transition
- Growers interested in how to measure and monitor soil health
- Anyone interested in learning more about organic production and soil health

Workshop format:

- Presentations focused on the relationship between soil organisms and soil health in Northern and Southern Idaho organic systems
- Facilitated discussions among farmers, researchers and educators

Please pre-register for this free event:
